## The Boys and Girls Need Your Help!

Child Evangelism Fellowship® of Maryland, Inc., needs your help to reach every public elementary school in Maryland. The most fruitful mission field in the world is children. CEF of Northwest Maryland is working hard to reach out to every school in Allegany, Frederick, Garrett, and Washington Counties.

The field is white until harvest, but the workers are few, or not enough. The first week of October we started another year of After School Good News Club® ministry. Our goal is to have a club in every school in the Northwest Maryland area, but we need more workers.

Two out of three children that come to a Good News Club do not attend church on a regular basis.

God has given us the unique opportunity to reach them right in their public school immediately following school hours, but we don't know how long this will last. Every year for the past six we have had over one hundred children make a decision to trust Christ as their Savior.

Each year we have to make a decision on which schools to teach at because we have schools that the children want a club, but we don't have teachers to teach at that school. The boys and girls right here in Northwest Maryland need you to bring the gospel of the Lord Jesus Christ to them in their public elementary school. Will you join the team to bring the gospel message to them before it's too late?

**Bringing the Word of God to children is a most important task.**

## *Fast Facts*

1. According to the Awakening America Alliance, only 17% of Americans attend church on Sunday morning.
2. CEF of Brazil celebrated their 70th anniversary this August.
3. CEF workers reached over 10 million children in face-to-face ministry in 2010.

“Bringing the Word of God to children is a most important task. With all the millions of words that have been printed and disseminated throughout human history, there remains no better blueprint for our life’s journey, no superior source of guidance, than the inspired words of Scripture.

“As a society, we value nothing more than our children and we expend no greater effort for any goal than we do for making theirs a secure future. What task, then, could have greater importance than helping young people see and accept their transcendent worth as individuals and God’s unchanging love for them?” — Ronald Reagan
